A multifunctional system providing an extensive range of aesthetic treatments

Active's **Extra 818m** system has been clinically proven to treat damaged skin, rejuvenate aging skin and **provide gold standard** hair removal treatments.

Using Active's highly effective IPL technology - **GEM-PL** (geometrical energy management) and ergonomic applicators, **Extra 818m** has the ability to treat a wide variety of non-invasive aesthetic procedures, including Pigmentation, Acne treatment, Hair Removal, Skin rejuvenation, and Wrinkle Reduction. Sessions are convenient, fast and comfortable with visible results after the first treatment.
